

### Who can access Research4Life?

Research4Life is designed to enhance the scholarship, teaching, research and policy-making of the many thousands of students, faculty, and scientists, in the developing world who are working in health, agriculture, environment and other life, physical and social sciences.

### Institutions in eligible countries areas and territories:

Universities and colleges, research institutes, professional schools, extension centers, government offices, local non-governmental organizations (NGOs), hospitals and national libraries. All staff members and students are entitled to access the information resources.

### What are the two lists of countries, areas and territories and how are they determined?

The two lists (Group A and Group B) are based on four factors: GNI (total), GNI per capita (World Bank figures), United Nations Least Developed Countries (LDCs) List inclusion and Human Development Index (HDI).

### Group A countries, areas, and territories — free access

- All countries, areas, or territories fulfilling any of the below criteria:
- United Nations Least Developed Country List
- Total Gross National Income (GNI) is at or less than US\$ 15 billion where Gross National Income per capita (GNlpc) at or less than US\$ 3000
- Total GNI is at or less than US\$ 2 billion where GNlpc at or less than US\$ 5000
- Total GNI is at or less than US\$ 200 billion, where:
  - Human Development Indicator (HDI) is at or less than 0.60, and/or
  - GNlpc is at or less than US\$ 1500

### Group B countries, areas, and territories — low-cost access

All countries, areas, or territories not already covered in Group A which fulfill any of the below criteria:

- Total GNI is at or less than US\$ 1.5 billion
- Total GNI is at or less than US\$ 25 billion where GNlpc is at or less than US\$10,000
- GNlpc is at or less than US\$ 6000 where Healthy Life Expectancy (HALE) is at or less than 55
- Total GNI is at or less than US\$ 300 billion, where:
  - HDI is at or less than 0.67 and/or
  - GNlpc is at or less than US\$ 6000

Countries, areas, or territories with a total GNI above US\$ 1 trillion are not eligible regardless of other factors.

If your institution is in a Group A (free access) country, area or territory, then Research4Life is free. If your institution is in a Group B (low-cost access) country, area or territory, Research4Life costs US\$ 1500 per institution per calendar year (from January through December). All institutions registering from Group B countries are entitled to a six month trial.

If your institution is in Group B (low-cost access) country, and you cannot or choose not to pay the annual fee, your institution will still be eligible for free access to a number of information resources.
